

How Do I Retrieve My ISPhone Voicemail Service.

Retrieval

The voice message can be retrieved in different 4 ways:

- A. The message is sent to your email program (attached as a .wav file). This is set up via the instructions above
- B. Dial 02 8002 2333 and follow the prompts.
- C. Dial your own number and wait for the prompt: then
 1. Press *
 2. Enter your password [last 5 digits of users phone number]
 3. Follow the prompts
- D. Use the web interface at: <http://voicemail.isphone.com.au/AMPSTER/> then:
 1. Type in your mailbox and password, where Mailbox = [Users phone number] and password = [last 5 digits of users phone number]
 2. Click on the Check Webmail link
 3. Click on Play button (next to desired message)
 4. Click on the triangle Icon (play button next to the speaker button on the left) to play or click on the download button to save to computer.
 5. You can also delete or forward message on.
