

How Do I Setup My IPhone Voicemail Service.

Setup

The VoiceMail can be set up via a web user interface at <http://voicemail.isphone.com.au/AMPSTER/> then:

1. Type in your mailbox and password, where Mailbox = [Users phone number eg 61881979999] and password = [last 5 digits of users phone number eg 79999]
2. Click on the People link
3. Change/Update details and click on Submit Changes
